Moving into virtual learning because of the COVID pandemic took many by surprise. New ideas and strategies had to be developed to allow for a quality education, effective and positive social relationships amongst peers, and a safe and healthy environment for students and staff while adhering to the diversity among us. If you were able to rally for change in the way your school approached this task, what would you change and why? How would your strategy allow for a continuing positive experience for all which would not only enhance their education but allow for the optimum ability to achieve their goals??

Only computer typed documents will be accepted. Please note – ***there is no fill in application.**
